Re: Application for 2014 Water-Energy Grant Program funding – East Oroshi Water Conservation And Meter Project

To Whom it May Concern:

Attached is a Grant Application for funding through the 2014 Water-Energy Grant Program for the East Oroshi Water Conservation And Meter Project. A copy of our Board Resolution 2014-15 is included indicating our Board's authorization to submit this application and enter into an agreement with the State of California to accept funding for the proposed project.

Eligible Applicant Documentation: The East Oroshi Community Services District is a local agency formed under California Government Code Section 61000 et seq. and as such has the legal authority to enter into grant agreements with the State of California.

Our District has applied for and received State and Federal funding for water and wastewater projects in the past. In the past few years our District has received and properly administered funding from both the State Department of Public Health and State Water Resources Control Board.

Urban Water Management Compliance: Due to our District small size (less than 500 connections), our District is not considered an Urban Water Supplier. Attached is a signed "Certification for Compliance with Metering Requirements for Funding Applications" indicating that our District is not an Urban Water Supplier. That said, the purpose of submitting the attached application is to fund the installation of water meters and ultra-low flushing toilets.

Ground Water Management Compliance: The East Oroshi Community Services District is located within the boundaries of the Alta Irrigation District (AID). The AID is the designated monitoring entity for the CASGEM program in the area that includes the East Oroshi Community Services District.

Agricultural Water Management Compliance: No agricultural water suppliers will receive funding from this grant proposal if approved.

Surface Water Diversion Compliance: No surface water diverters will receive funding from this grant proposal if approved.

On behalf of the East Orosi Community Services District, I can state that we are in favor of the attached application.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Anna De Santiago", is written over the printed name and title.
